McKena Ullman

(801) 400-2452 | ullman.kena@gmail.com | Pleasant Grove, UT
Portfolio: https://kenieaullman.github.io/Learning-Experience-Designer/

Learning Experience Designer with 7+ years of experience in curriculum development, eLearning, and instructor-led training across financial services, corporate learning, and education. Skilled in translating complex information into practical learning solutions through needs analysis, instructional design, and performance evaluation. Combines hands-on development expertise with business analysis and stakeholder consulting.

Core Competencies:

Learning Design: Curriculum Architecture, Needs Analysis, ADDIE, Scenario-Based Learning, Assessment Design, ILT/VILT, Performance Support

Technology: Articulate Storyline 360, Rise 360, LMS, SCORM/xAPI, Microsoft Excel, Generative AI

Strategy & Evaluation: SME Collaboration, Stakeholder Consulting, Learning Analytics, Competency Development, Onboarding

Professional Experience:

eLearning Content Developer & Curriculum Designer | American Cruise Lines | June 2026 – Present

- Design eLearning, instructor-led training, and assessments for maritime employees and officers in a regulated operational environment.
- Developed 10+ SOP-aligned lesson plans and facilitator guides supporting more than eight hours of instruction.
- Designed an emergency-response learning system incorporating measurable objectives, facilitated scenarios, and performance support.
- Redesigned onboarding in Articulate Rise and Storyline, replacing memorization-focused content with interactive, application-based learning.
- Analyzed 1,050+ workforce records and developed a training analytics dashboard examining retention, cohort outcomes, and operational trends.

Learning Design & Business Training | RPE Strategies | August 2024 – May 2026

- Designed and delivered sales-team training on real estate investment analysis, underwriting, and business development.
- Created instructional resources and analytical tools to help team members evaluate investment opportunities independently.
- Directed training development, research, and business presentations for an independent real estate venture.

Training Coordinator & Instructional Designer | All In Credit Union | September 2023 – May 2024

- Designed and coordinated onboarding, product training, and instructional resources for employees in a regulated financial-services environment.
- Developed Home Equity Line of Credit (HELOC) product training to support employee understanding of lending products, procedures, and operational expectations.

- Collaborated with loan officers, compliance personnel, and subject matter experts to translate complex financial information into accessible, accurate learning materials.
- Created and maintained job aids, standard operating procedures, and internal knowledge resources supporting employee development and consistent performance.
- Supported onboarding and employee training improvements through curriculum development, instructional resources, and coordination of learning activities.

Curriculum Designer & Instructor | Lumen Scholar Institute | August 2019 – August 2023

- Designed and delivered 21 online courses serving more than 450 students, developing curriculum, instructional activities, assessments, and multimedia learning resources aligned to defined learning objectives.
- Applied adult learning principles, differentiated instruction, and learner-centered design strategies across virtual and online learning environments.
- Developed assessments and learning activities to evaluate knowledge acquisition and support continuous instructional improvement.
- Used learning management systems to organize learning pathways, monitor student progress, and manage instructional resources.
- Mentored instructors, provided feedback on instructional quality, and supported improvements in curriculum delivery.

Selected Instructional Design Projects

Emergency Response Learning System | Curriculum Architecture & ILT

Developed an instructor-led learning system translating operational procedures and SME expertise into aligned learning objectives, facilitated instruction, scenario-based practice, assessments, and performance support tools.

Fleet Foundations | Interactive eLearning Redesign

Redesigned complex onboarding instruction around conceptual understanding and practical application. Developed interactive learning activities emphasizing classification, reasoning, and learner decision-making.

Workforce Training Analytics | Learning Evaluation

Developed a workforce performance evaluation framework examining training outcomes, retention, cohort maturity, and operational variables. Created a public-facing portfolio reconstruction using synthetic data to demonstrate the analytical methodology.

Education:

Bachelor of Science (BS), Utah Valley University, 2015
Master of Arts (MA), University of Utah, 2018
